From October 29th to 31st, the Belgrade Fair will host the 49th International Fair of Medicine and Stomatology, Medident—the region's most prominent commercial, business, and educational event dedicated to modern medicine, dentistry, and healthcare.

Under the banner "Together Towards Health," Medident once again gathers domestic and international manufacturers, importers, and distributors of medical, dental and laboratory equipment, alongside healthcare representatives, industry experts, and business visitors, fostering a dynamic environment for unveiling innovations, exchanging knowledge, and forging new business partnerships.

Participants from Serbia and abroad will showcase cutting-edge advancements, state-of-the-art equipment, supplies, consumables and technological solutions that are shaping the future of healthcare. The fair offers a premier opportunity to assess market trends under one roof, discover novelties from industry-leading companies, and explore avenues for business optimization, collaborative growth, and the integration of innovative solutions into everyday practice.

Digital technologies, which are profoundly transforming medicine and dentistry, hold a place of distinction at this year's Medident. From advanced diagnostic systems to sophisticated software solutions for therapy planning and tracking, digitalization paves the way for higher precision, greater efficiency, and a truly personalized approach to patient care. The growing presence of IT companies underscores the vital synergy between medicine, dentistry, and digital innovation in driving the evolution of modern healthcare.

Alongside the exhibition program, visitors can look forward to expert presentations, practical demonstrations, and interactive workshops. Featuring both domestic and international lecturers and professionally accredited topics, the Congress will further foster knowledge sharing, continuous education, and the exploration of the latest professional achievements.

By seamlessly bridging commerce, professional practice, science, and modern technology, Medident 2026 reaffirms its status as a vital regional crossroads for everyone contributing to the advancement of medicine and dentistry.

At the heart of this landmark event lies a shared mission—to elevate healthcare, raise professional standards, and create new possibilities for a healthier tomorrow.

Nikola Banković
Belgrade Fair
Director

Beogradski sajam od 29. do 31. oktobra organizuje 49. Međunarodni sajam medicine i stomatologije Medident, najznačajniju regionalnu poslovno-komercijalnu i edukativnu manifestaciju koja je posvećena savremenoj medicini, stomatologiji i zdravstvenoj zaštiti.

Pod sloganom „Zajedno do zdravlja“, Medident i ove godine okuplja domaće i međunarodne proizvođače, uvoznike i distributere medicinske, stomatološke i laboratorijske opreme, predstavnike zdravstvenih ustanova, stručnjake i poslovne posetioce, stvarajući prostor za predstavljanje inovacija, razmenu znanja i uspostavljanje novih poslovnih partnerstava.

Učesnici iz Srbije i inostranstva predstaviće najnovija dostignuća, savremenu opremu, potrošni materijal i tehnološka rešenja koja oblikuju budućnost zdravstvene zaštite. Sajam pruža priliku da se na jednom mestu sagledaju tržišni trendovi, upoznaju noviteti vodećih kompanija i razmotre mogućnosti za unapređenje poslovanja, razvoj saradnje i primenu inovativnih rešenja u svakodnevnoj praksi.

Posebno mesto na ovogodišnjem Medidentu zauzimaju digitalne tehnologije koje sve snažnije menjaju medicinu i stomatologiju. Od naprednih dijagnostičkih sistema do softverskih rešenja za planiranje i praćenje terapija, digitalizacija omogućava precizniji rad, veću efikasnost i individualizovan pristup pacijentima. Sve veće prisustvo kompanija iz oblasti IT-a potvrđuje značaj povezivanja medicine, stomatologije i digitalnih inovacija u razvoju savremenog zdravstva.

Uz izložbeni program, posetioce očekuju stručne prezentacije, pokazne vežbe i interaktivne radionice. Uz učešće domaćih i međunarodnih predavača i stručno akreditovane teme, Kongres će dodatno doprineti razmeni znanja, kontinuiranoj edukaciji i praćenju najnovijih stručnih dostignuća.

Povezujući privredu, struku, nauku i savremene tehnologije, Medident 2026 potvrđuje svoju ulogu značajnog regionalnog mesta susreta svih koji doprinose razvoju medicine i stomatologije.

U središtu ove važne manifestacije ostaje zajednički cilj – unapređenje zdravstvene zaštite, podizanje standarda struke i stvaranje novih mogućnosti za zdraviju budućnost.

Sa više od 20 godina iskustva u industriji stomatološke opreme, specijalizovani smo za pružanje visokokvalitetnog servisa i prodaju stomatološke opreme. Naša posvećenost korisnicima i stručnost u servisu čine nas idealnim partnerom za stomatologe i zdravstvene radnike. Naš tim iskusnih tehničara ima ekspertizu u održavanju i popravci različitih tipova stomatološke opreme, čime osigurava da vaši uređaji budu uvek u optimalnom radnom stanju. Znamo koliko je važno da oprema bude pouzdana, jer svaki trenutak kada je ona van funkcije može uticati na vašu praksu i na zadovoljstvo pacijenata. Pored pružanja servisa, nudimo i širok spektar stomatološke opreme koju možete kupiti od nas. Svaki proizvod u našoj ponudi pažljivo je odabran kako bi zadovoljio visoke standarde kvaliteta i pouzdanosti. Naš cilj je da vam obezbedimo sve što vam je potrebno za nesmetan rad vaše stomatološke ordinacije. Naš tim je uvek tu da pruži stručne savete i odgovore na vaša pitanja, bilo da se radi o izboru opreme ili savetovanju oko servisa. Verujemo da su dugoročni odnosi s našim klijentima ključ uspeha, te se trudimo da pružimo personalizovanu uslugu i podršku na svakom koraku. Hvala što ste odabrali nas kao svog partnera za servis i prodaju stomatološke opreme. Radujemo se što ćemo zajedno sa vama unaprediti kvalitet vaše prakse!

With more than 20 years of experience in the dental equipment industry, we specialize in providing high quality service and sales of dental equipment. Our commitment to users and expertise in service make us the ideal partner for dentists and healthcare professionals. Our team of experienced technicians has expertise in the maintenance and repair of various types of dental equipment, ensuring that your devices are always in optimal working order. We know how important it is for equipment to be reliable, because every moment it's down can affect your practice and patient satisfaction. In addition to providing services, we also offer a wide range of dental equipment that you can buy from us. Each product in our offer is carefully selected to meet high standards of quality and reliability. Our goal is to provide you with everything you need for the smooth operation of your dental office.

Our team is always here to provide expert advice and answers to your questions, whether it's about choosing equipment or advising on service. We believe that long-term relationships with our clients are the key to success, and we strive to provide personalized service and support every step of the way. Thank you for choosing us as your partner for the service and sale of dental equipment. We look forward to improving the quality of your practice together with you!

QBITECH SOLUTIONS

Srbija , Novi Sad, Vojvođanskih brigada 28

Tel: +381 64 0427675

arsenije.karpic@qbitech.io www.qbdent.rs

Qbitech je softverska kuća iz Novog Sada. Od 2021. godine razvijamo softver za velike strane kompanije, u okruženju gde se podrazumeva da sistem radi bez greške i da su podaci bezbedni. To znanje sada donosimo kući, sa ciljem da podignemo standard softvera u Srbiji. Tako je nastao qbDent, program svetskog nivoa za vođenje stomatološke ordinacije, napravljen u saradnji sa stomatolozima i po meri domaćih ordinacija. Karton pacijenta sa odontogramom, dijagnozama, terapijom, planom lečenja, snimcima i dokumentima nalazi se na jednom mestu. Kalendar pokriva termine i smene cele ordinacije, a pacijenti dobijaju podsetnike preko Vibera i SMS-a. Saglasnosti i obrasce pacijent potpisuje na tabletu ili svom telefonu, a potpisan dokument se sam odlaže u karton. Postojeće podatke prenosimo mi. Podaci svake ordinacije su odvojeni i zaštićeni, a iza proizvoda stoje ljudi koji se javljaju na telefon. qbDent se stalno razvija prema onome što čujemo od vas. Na Medident dolazimo da slušamo, učimo i unapređujemo program. Posetite nas u hali 3, na štandu 3031. qbdent.rs/promo

Qbitech is a software company from Novi Sad. Since 2021 we have been building software for large international companies, in an environment where systems are expected to run without fault and data to be secure. We are now bringing that expertise home, to raise the standard of software in Serbia. That is how qbDent came about: world-class dental practice management software, built together with dentists to fit local practices. The patient record, with odontogram, diagnoses, therapy, treatment plan, X-rays and documents, is in one place. The calendar covers appointments and shifts for the whole practice, and patients get reminders over Viber and SMS. Patients sign consents and forms on a tablet or their own phone, and the signed document is filed in the record automatically. We transfer your existing data for you. Each practice's data is kept separate and protected, and behind the product are people who pick up the phone. qbDent keeps evolving, guided by what we hear from you. We are coming to Medident to listen, learn and improve the software. Visit us in Hall 3, Stand 3031. qbdent.rs/promo
